OBJECTIVE

A recent graduate in computer science with a desire to expand my knowledge in software development. I want to use and expand my skills to establish a lasting relationship in a software development role that can be relied on when tackling problems presented by customers.

EDUCATION

Bachelor of Science: Computer Science

University of Louisiana at Lafayette
Concentration: Computer Engineering
Minor: Math
August 2022

WORK

Machinist // Price Machine Shop, Scott, LA
7/2013 to 3/2015, 5/2018 to March 2019

- Perform Manual and CNC Machining Operations (Lathe, Mill, and EDM Drill)
- Inspect parts to verify they meet customer requirements
- Track job requirements and deadlines
- Understand and use G-code
- Maintain high attention to detail while planning and executing manufacturing processes to ensure customer acceptance of work performed
- Joint venture established with owner to manage and operate EDM machinery
